

The Kids Cops & Computers Program helped me in many ways,
It guided me through these past years, so I'll remember them always.
They provided us with a computer and the setup was very swift,
The computer was extremely useful, it was a magnificent gift.
When the computer was set up, I went so berserk,
I broke it in with a lot of games, and a load of homework.

I received countless gifts from them, like a USB,
From Wonderland to baseball tickets, all of it was free.
I got a Rogers bag, that's useful in every way,
I use it for trips and meetings, I use it to this day.
From trips and excursions, like Camp Olympia and more,
Thanking you, is what this poem is for.

Not only for my benefit, but for my parents too,
For their documents and paperwork that they need to do.
PowerPoints and Word are only a few,
That help me on my homework that I need to do.
When deadlines and projects come about,
I know that the computer will help me out.
I continue to write this poem, to show thanks for all you've done,
So to show my appreciation, I've listed the main ones.

This blessing that me and my family received,
Has taught us to appreciate things, and be more perceived.
The keyboard helped us to get familiar with the keys,
And the best thing is, we didn't have to pay any fees.
I know that the computer helped me, in a variety of ways,
Like finding directions to a friend's house and playing different games.

We can look at weather forecasts and the daily news too,
Sending cards to family and friends, is so easy to do.
For fun and leisure, like watching episodes and movies,
We can research for recipes, like pies and smoothies.
So much things I've come to like, that I wasn't interested in before,
Programs like Publisher, I've now come to adore.

For my life and for my future opportunities,
To get me to my always destined universities.
The saving of money has helped my parents so much,
It takes their minds off paying bills and such.
Even my two sisters are thankful to this day,
It has helped them to research, about the careers they would portray.
This is no ordinary gift, that we have gotten,
It's a miracle that will never be forgotten.
To finally end this poem, I just want to say,
Thank you Merry Go Round, for brightening up our days!
